Education

2023
High Integrity Systems
Frankfurt University of Applied Sciences

2016-2020
BSCS
UET, Taxila

Skills

- Angular / typescript
- React / javascript
- Vue
- Node.js
- Html5
- Css
- SCSS
- Tailwindcss
- Primeng
- ether.js
- web3
- Python
- C++

Language

English (C1**)**

German (A2**)**

Experience

2021 - 2023
NCU Technologies l PWD,Islamabad
Software Developer

- Development of Web APIs using Nodejs.
- Development of Frontend in React and Angular and Vue.js.
- Contribution in the CI/CD pipelines on Github.
- Unit and E2E testing using Jasmine and Karma.
- Contribution in the development of pixel perfect screens.
- Integrated oAuth2 authentication with backend services
- Integrated smart contracts using ether.js

Technologies:
Java, TypeScript, Spring Boot , React.js, Angular CLI, Docker, Kubernetes, Rxjs, primeng, Nuxt, ether.js, web3, PostgreSQL, Git, Gitlab, CI/CD, GraphQL, Shell Script, Contentful, Restful APIs, Tailwind, Microservices Architecture

2020-2021
PKDevs | Mareer Hassan, Rawalpindi
Frontend Internee

- Development of pixel perfect screens with Antdesign framework
- Development of Frontend in React and Angular and Vue.js..
- Integrated oAuth2 authentication with backend services
- Python Api's integration
- State management with Redux

Technologies:
React, Material UI, html5, css, sccs, tailwindcss, Antdesign, Formik, Redux,
